

VERMONT TECH

POSITION ANNOUNCEMENT

June 9, 2016

- Position Title:** Assistant Professor – Mechanical Engineering Technology
Full-time, tenure track, VSC-VSCFF
- Location:** Randolph Center
- Responsibilities:** Teach at the undergraduate level in the areas of mechanical and manufacturing engineering technology, which may include computer-aided design, automation and control, production systems and processes, mechanical and machine design, fluids, thermodynamics, statics, or other subjects in the field of mechanical and manufacturing engineering technology.
- The candidate will be expected to serve the college community by participating in committees, student advising, and assessment activities intended to maintain accreditation.
- Note:** additional information about the Mechanical Engineering Technology program and Vermont Technical College may be viewed at the Vermont Tech website, www.vtc.edu.
- Qualifications** Master's degree or B.S. degree and PE license required. Industrial experience in manufacturing or mechanical engineering as well as prior teaching experience is highly desirable.
- Starting Date:** August 2016
- Application Deadline:** Applications will be accepted until the position is filled.
- To Apply:** Submit a **required** Vermont Tech employment application, cover letter & resume to jobs@vtc.edu. Employment application is available on the Vermont Tech website: www.vtc.edu/employment. **Incomplete application materials will not be considered.**
- NOTE: This job is subject to a fingerprint-supported criminal background check. Any offer of employment is contingent upon the satisfactory results of this check.**
- Vermont Tech strongly encourages applications from members of ethnic minority groups and other under-represented backgrounds. Vermont Tech is an Equal Opportunity Employer and a member of the Vermont State Colleges system. In compliance with ADA requirements, we will make reasonable accommodations for the known disability of an otherwise qualified applicant.
